

PRESS RELEASE

Bansbach Easylift® at IBEX Booth 1-711 & Dock 57D in Tampa October 1-3, 2019

Bansbach Easylift® (Melbourne, FL) is the premier supplier of the most durable and reliable motion control devices in the world today. Bansbach will be at the International Boatbuilders' Exhibition and Conference (IBEX)- Tampa Convention Center on October 1-3; 1st floor, booth #1-711 and waterside at Dock 57D.

Bansbach will have a full line of our products on display. We are showcasing our new, unique in-line electric linear actuators--easyE®. Our easyE® has a sleek profile and is a powerful actuator, capable of synchronizing multiple units to provide smooth, consistent operation in all applications. easyE® is designed for high performance and our quality construction has unsurpassed corrosion resistance. easyE® is available in a variety of sizes and forces, up to 2,250 lbs., and is the perfect solution for boat builders to automate motion on towers, hatches, doors, windows, and many more. There are several options to control our actuators, such as remote-control switches and simple push button. We will be available for demonstrations at our booth and on the water, demonstrating the power of easyE® on 2x Marine's new Expanding Pontoon Boat <https://www.youtube.com/watch?v=BI8jvDzIrok>. For more details on easyE® watch: <https://www.youtube.com/watch?v=CabcZWAYafc>.

The entire line of Bansbach products are built for rugged and harsh environments. Bansbach gas springs, specialized locking gas springs, dampers, traction springs have the highest corrosion resistance in the industry due to our proprietary Ceram-Pro® surface treatment--perfect for the marine industry to protect against exposure to salt water. In fact, our standard gas springs corrosion resistance and performance surpasses all others' stainless steel. Bansbach's products are available in 316L stainless steel, Ceram-Pro® steel and aluminum. We also have end-fittings in plastic, zinc-plated steel, aluminum and stainless steel. For more product information see our video at: <https://www.youtube.com/watch?v=UM082S7dDBA>.

Stop by our IBEX Booth #1-711 to speak with one of our engineers and view the entire line of Bansbach products. Enter to win a BOSE SoundLink Micro Waterproof Bluetooth speaker by placing a business card in the bucket. To contact us today, call 800-225-4498, email us at sales@easylift.com, or visit our website anytime at: www.easylift.com. We offer free engineering and expert assistance on all motion control applications.
