

Thermowell Marine takes this opportunity to present the new air conditioner 24 volts at Yacht Cannes Festival.

The new Airjet24 allows to get until 11400BTU/h power but using low energy.

For both models Airjet24 and Airjet24+ it is possible control the BTU/h that you need by using a switch button that change the compressor power.

Indeed it is possible choose the power from 5400BTU/h or 7400BTU/h for the Airjet24 and from 7400BTU/h to 11400BTU/h for the Airjet24+.

The Unit noiseless and low vibrations gives either to your holiday or on your work-boat quality and comfort.
