

Infinity is 'Dealing Up a Good Time' at IBEX 2018

Dalton, GA: Infinity Woven Products LLC, the first to market woven vinyl in the recreational marine industry, is returning to IBEX 2018, the largest marine industry trade event in North America. Infinity will be introducing new technologies, patterns, and colors all while 'dealing up a good time'.

Infinity is excited to have not only a booth at the show, but a few tricks up their sleeve. They are planning to implement exciting games and activities to help fight "floor fatigue" at this year's trade show. This includes a Poker Run exclusive to boatbuilders. Boatbuilders who play will collect five cards and one lucky winner will receive a once in a lifetime prize, an ALL-INCLUSIVE trip to the Porsche Experience Atlanta, including Airfare, Hotel and Porsche Experience. Boatbuilders are encouraged to register at <http://info.infinitylww.com/high-stakes/> to initiate the game. Each player's first card will be delivered to their hotel room; the remaining cards will be obtained at the show. Each participant will turn in a sealed envelope with their five cards at high noon on October 4, 2018 at Infinity's booth 413 on the 3rd floor. Players are then encouraged to join Infinity as they open the received envelopes together and find out the winner! If two or more have the same hand, a high card challenge will be done to determine the winner.

In addition to the Poker Run, Infinity will also be introducing dynamic advances and new developments in their flooring technology. As the industry leader in woven flooring, Infinity has become synonymous with revolutionary designs, colorations, and yarn technologies to provide builders more ways to sell boats and show off their brand style. "This is our fifth year at IBEX. We value the time we get to spend visiting with our customers and discovering new partnerships. We felt we'd kick it up a notch this year through new technological advances, as well as some games, so prepare to be amazed," says Warren McCrickard, VP of Corporate Sales at Infinity, "we will have something to appease all your senses, guaranteed."

To register for this event, visit <https://info.infinitylww.com/high-stakes/> . If players are unable to claim the prize due to company policy, it can be donated on his or her behalf to a charitable cause.
