TecNiq Inc. Announces Side Navigation Light:

## **The M21, Side Navigation Light Provides Stylish, Versatility, and Durability to increase Marine Safety**

Galesburg, Mi – July 20, 2020 – TecNiq Inc., a leading innovator in LED lighting for Marine OEM lighting solutions is launching their all new M21 – Side Navigation Light. The M21 provides users with both a Red (port side) and Green (starboard side) LED that easily mounts to the side of a pontoon, fishing boat, or speed boat. The M21 Side Navigation provides increased safety with a visual range of 2 Nautical Miles. The light includes a 316 Stainless Steel Cover, is IP68 rated for dust and waterproof, is reliable for 100,000 hours of performance. The engineers at TecNiq worked with various boat manufacturers to produce this light, as an OEM product, as well as an aftermarket replacement for inferior products that are currently on the market. The M21 is available with either 9” Pigtail connectors or Deutsch connectors. For more on the M21, or other TecNiq marine LED solutions, visit [www.TecNiqInc.com](http://www.TecNiqInc.com)

TecNiq Inc. is an engineer owned & operated company with a strong commitment to excellence. We begin with a simple belief in offering the greatest value, the highest quality lighting solutions, and great customer care. We use the highest quality LEDs, materials, and offer market leading technologically advanced lighting solutions. From fleet vehicles, construction trailers, emergency response vehicles, boats, heavy or light duty equipment, you can expect your lights to work every time. Our goal is to exceed your product quality expectations. We feel so strongly about our commitment to quality, that we back every one of our products with a no-nonsense **Lifetime Warranty**.
