

PONTOON LOUNGE BACKREST STORAGE UNIT

Ocoee, FL – August 20th, 2019 - – Teak Isle's new series of drawer units are custom designed to turn a pontoon lounge backrest into the ultimate storage center. These drawers provide storage in a space that was previously inaccessible or can replace an often under-used changing station.

Built from King StarBoard, they feature a drawer with adjustable dividers and a deep drawer for larger items. The upper compartment is a lockable glove box with a dual USB charging plug, perfect for holding phones, wallets, and keys.

Drawer Units are available in a variety of colors and are manufactured using stainless steel drawer slides and hardware. As always, Teak Isle will fully customize this part to fit the specific space requirements for each boat model.

Custom OEM drawer units are available by contacting Teak Isle at www.TeakIsle.com or by calling 407-656-8885. Retail customers can find a variety of standard drawer units available at www.BoatOutfitters.com or by calling 866-633-7961.

Please visit us at IBEX Booth 3-621.

###

Teak Isle Mfg. is the trusted source for CNC cut OEM plastic and wood component parts for over 200 boat builders. Products include cabin entry doors, laminated cabinetry, Corian countertops, access doors, bent acrylic sliding doors and King StarBoard HDPE parts. In addition to OEM, we also sell direct to boat owners on our retail website www.boatoutfitters.com. Our in-house engineering staff is available to work with you to design the best parts to fit your applications.
