**IBEX Preview: New TACO Marine®  
Sport Fishing Products, Booth 3-1431**

MIRAMAR, FLORIDA (USA) – The TACO Marine® booth (3-1431) at IBEX 2023 next week will feature two new sport fishing products.

**New Grand Slam Single-Handle 300 Outrigger Mount**

Introducing the Grand Slam 300 – a stainless-steel/polished, anodized aluminum, single-handle Outrigger Mount that delivers enhanced safety and performance with smooth, one-handed operation from the deck. Easily adjust rotation and lift of outrigger poles using the GS-300's ergonomic crank handle, which locks flush into the base.

The mount's attractive, all-metal design means no plastic components, a greater water seal and increased protection from the elements.

The GS-300 pairs with TACO's New Internally Rigged/Collapsible Outriggers, as well as Aluminum or Carbon Fiber Tele-Outrigger Poles up to 20' with an underside pin-locking connection – eliminating the need for port and starboard designations.

## **New Open Water Internal & Collapsible Carbon Fiber Outrigger Poles**

Unlike other triple rigged poles on the market that are fixed or challenging to set up and take down, these poles can be collapsed quickly and easily for transportation and storage.

A three-piece design features a latching mechanism that provides a Twist & Lock between pole segment – enabling easy and secure setup when heading offshore.

Another innovative feature – the ability to perfect index the halyard line using the adjustable ratchet base/butt with threaded locking collar – a unique feature only available from TACO Marine. This design element eliminates chafing and ensures the smooth ascent and descent of outrigger lines.

For more information, visit the TACO Marine booth 3-1431 at IBEX, <https://tacomarine.com> or call 1+305.652.8566.

TACO Marine®, a division of TACO Metals®, LLC, designs, manufactures, and distributes a wide range of products, including rub rail, sport fishing and outrigger systems, boat shade, canvas and tower components, helm chairs and pedestals, and specialty hardware.
