

# What's New for 2024!

## Tilting Davits VCTILTG3/VCTILTG3W

### Replaced VCTILT/RIBGEN2

- Added auto-latching feature (arms automatically latch when rotated down)
- Added mini wrenches for easy removal
- Added anti-tangle limit strap tubing

## Added New Channel Mount Tender Chock Models

- Custom channel chocks made to your specifications
- Universal channel chocks are adjustable to fit most hull shapes

## Added new winch options

- Cockpit mounted electric and manual winch options
- Platform mounted electric and manual winch options
- Electric winch plate, manual winch, transom guide roller, strap guide roller, and bridle strap can be ordered ala carte to fit most any scenario

## Dinghy Dolly (VCDOLLY) Added

- Attach to dinghy transom
- Large wheels allow for easy moving of dinghy on most surfaces
- Fold up when not in use

## White ratchet tie down (VCTIEDOWNWHT) replaced black tie down

- White strap eliminates black marks
