Product Line Up by VersaChock

VersaChock- Has become the “GO-TO” brand for ***chocks, davits, and hardware*** for storing coolers, fuel tanks, tenders, jet skis, and many other items on boats, yachts, and docks. Virtually all VersaChock products are removable, allowing for a trip-free deck. All products are made with high quality materials and craftsmanship, which means they will last a very long time in the harsh marine environment! All VersaChock products are designed for quick and easy install. VersaChock specializes in ***super-quick turnaround***, so there’s no long wait time, even for custom orders! Most non-custom products are kept in inventory and ship immediately. With multiple in-house CNC milling machines, custom orders have ***very short*** lead times. VersaChock has the quality and capability for catering to ***consumers, dealerships, shipyards, and OEM boatbuilders***.

OEM Specific **Tender Chocks**

(Custom made to OEM specifications/drawings)

Universal **Tender Chocks**

(Compact, lightweight, fit most hull shapes, easy to store)

Tilting Davits

(Tilt for easy loading, fits most hull shapes, soft and hard bottom models, winch optional)
