## ALBIN PUMP MARINE DEBUTS WATER PRESSURE PUMPS

Once considered a luxury, on-demand pressurized water is an affordable and easily added enhancement to any boat. Albin Pump Marine's Water Pressure Pumps deliver the reliability and power owners need for years of quiet, trouble-free service. The competitively priced pumps provide ample pressurized flow for supplying sinks, showers and deck washdowns. They debut at IBEX, Oct. 2-4, booth 1553.

Albin's Standard Series Water Pressure Pump has three chambers and a heavy-duty pressure switch. It pumps 2.6 and 3.5 gpm at 40 psi. Washdown is 3.4 gpm at 70 psi.

The Premium Series Water Pressure Pump produces 4.0 and 5.3 gpm at 40 psi, and 5.2 gpm at 70 psi when washing down. It features five chambers and a heavy-duty switch.

106-year old Albin Pump Marine manufactures a wide range of commercial and recreational marine products including pumps, air and water heaters, marine toilets, and blowers. Its North American presence was established in January of this year.
