

COOLER STORAGE

Ocoee, FL – September 25, 2022 - Where to store the cooler on the boat has been a constant struggle, and with the increased availability of different-sized soft-sided and backpack coolers, the issue continues to present itself. Teak Isle is excited to introduce a new line of cooler storage units ideal for accommodating a wide variety of styles and sizes of coolers. Boat builders and owners now have the opportunity to add this feature to their boats and increase the usability of the space.

Built from King StarBoard or acrylic and utilizing stainless steel drawer slides and hardware, Teak Isle President Pat Brown said, “Our cooler storage units will free up precious floor space in your pontoon, ski boat, fishing, or sport boat.”

####

Teak Isle Mfg. is the trusted source for CNC cut OEM plastic and wood component parts for over 200 boat builders. With an engineering staff of 18 and over 300 team members running 12 CNC routers, Teak Isle works with builders from design concepts to on-time delivery of high-quality custom parts. Products include cabin entry doors, laminated cabinetry, Corian countertops, access doors, bent acrylic sliding doors, and King StarBoard HDPE parts.

Custom OEM Cooler Storage options are available through Teak Isle at www.TeakIsle.com or by calling 407-656-8885. Boat dealers and retail customers can find the cooler storage options available at www.BoatOutfitters.com or by calling 866-633-7961.
