NOW'S THE TIME TO PROTECT THE FUEL SYSTEM

As autumn approaches, it's important to safeguard a boat against temperature changes and months of disuse before the cover is put on. Marine Gasoline Stabilizer Shooter from LIQUI MOLY treats up to 18 gallons of gasoline and provides long-term protection for the entire fuel system.

Ideal for all two- and four-stroke engines, LIQUI MOLY Marine Gasoline Stabilizer Shooter protects against fuel aging, oxidation and corrosion. Safe for catalytic converters, its unique organic formula stabilizes the gasoline and can be used year-round as a measure of preventative maintenance.

Marine Gasoline Stabilizer Shooter comes with a convenient nozzle that's long enough to empty the contents without spilling. Simple to use, it's poured into the tank and the engine is idled for 10 minutes. Because of exact dosing, it's highly cost-effective; a 6.7 fl. oz. has an MSRP of \$11.99. For diesel engines, LIQUI MOLY offers Super Diesel Additive.

Contact LIQUI MOLY USA, 62-64 Enter Lane, Islandia, NY 11749.
