

**NEW MARINE STEERING WHEEL PROVIDES RIGHT-PRICED LUXURY**

The new Model 40 marine steering wheel from Schmitt & Ongaro Marine Products is the perfect addition to runabouts, ski and wake boats, pontoons and other small recreational vessels. With classic Stella styling, it can be customized by OEMs to match virtually any boat helm décor and model price point.

The Model 40 has a rugged stainless steel frame and is offered in satin silver, mahogany, flex aluminum or hydrographic-printed wood or colored finishes. The outside of the 14.2" rim and center of the three spokes feature textured black polyurethane for a solid, yet luxurious hand feel.

A wide range of decorative wheel and spoke inserts and center caps make the Schmitt & Ongaro Model 40 an almost bespoke offering. Available with 0.75" tapered or optional splined hubs, it's backed by a three-year warranty and starts at \$237.
