## WEBASTO NAMED UMMA PREFERRED SUPPLIER FOR ITS ENTIRE RANGE

The United Marine Manufacturers Association (UMMA) has named Webasto Thermo & Comfort North America, Inc. a certified supplier. The agreement encompasses its complete marine product line, including heating, cooling, sunroof and shade solutions.

"We're pleased to have been selected by UMMA and their boatbuilding members as a certified supplier," said David Wollard, senior director - marine climate Americas region. "When Webasto entered the marine sectors 14 years ago, our vision was to equip the industry with innovative comfort solutions of the highest quality, supported by world-class customer and technical services. It's gratifying to see our hard work honored in this way."

"Webasto has proven to be an innovative leader in product design and development for the marine industry," said UMMA president Kent Wooldridge. "UMMA is proud to bring Webasto into its family of industry-leading boatbuilders and suppliers and we look forward to a long and mutually beneficial relationship."

UMMA represents over 50 boatbuilders. It provides services and information to its members that improve their operational efficiencies and help level the purchasing playing field. The organization provides its affiliates access to products from the world's leading accessory and component manufacturers. Its website is [www.ummaonline.com](http://www.ummaonline.com).

**About Webasto:**

The Webasto Group is a global innovative systems partner to almost all automobile manufacturers and among the top 100 suppliers in this industry sector. The company's product portfolio comprises a broad range of roof and heating systems for every type of vehicle and all drive types as well as battery systems and charging solutions. Moreover, Webasto has a strong position in the aftermarket providing dealers and end customers with customized solutions and services relating to thermo management and electromobility. In 2019 the company generated sales of around 3.7 billion euros and had almost 14,000 employees at more than 50 locations (with over 30 of these being manufacturing plants). The headquarters of the company, founded in 1901, is located in Stockdorf near Munich (Germany).
